

Microsoft Teams Distance Learning Students

To follow announcements about distance learning, make sure to regularly check your student e-mails (with the domain @std.iyte.edu.tr for undergraduates and @iyte.edu.tr for graduate students) and your cell phone registered to the OBS system.

Install Microsoft Teams.

Undergraduate students sign into Microsoft Teams with the domain @ogr365.iyte.edu.tr, and graduate students sign in with the domain @pers365.iyte.edu.tr

On the Teams tab, click Join or create team.

Write the course code given to you by your instructor in the Join team with a code section to join the course.

After entering the class (Team), turn off your microphone and camera if they are on.

The course will be initiated by the instructor. Do not press the Start-Stop recording button.

You can access course materials in the Class Materials folder under the Files tab.
